**Notes:**

Performance figures represent total investment return net of charges (other than initial charges if paid) for a basic rate taxpayer including reinvestment of all dividends.

Average returns are not shown for sectors where performance comparisons may be inappropriate due to the diverse nature of funds in the sectors.

Past performance is not a reliable indicator of future returns.

^ Until June 2013 the 'Targeted Absolute Return' sector was known as the 'Absolute Return' sector

The 'Global Emerging Markets Bond' sector launched in January 2014.
